Class Parties - discussion on what is allowed at class parties.

Long Range Facility Discussion: Mrs. Welte expressed concern about the Board being prepared for any future enrollment increases that may come when the proposed 472 apartments begin construction. Mrs. Martello let the Board know that the Mayor was at the school this week and is keeping us informed of the construction approval process. At the present, approvals can be had as early as December or January which could have construction starting as early as the spring. With possible student enrollments coming later in the 2017-2018 school year. The proposed plan would be for a gradual build, possibly 30 units at a time as demand dictates. The school could absorb 100 students. We are looking at all options. Including expansion.
