Parent Support Solutions

BCSHA is planning on having a teacher-led workshop each month for families on different topics that are important in our community. We are hoping that this will provide support, address the needs in our community, and help to build relationships between the school and families.

Restocking the Lounges

Be on the look out for a sign-up genius on our Facebook page to restock the teacher's lounges.

Room Parents

We've been asked quite a bunch so far this year, but due to COVID concerns the school is unable to have holiday celebrations, snacks, and items sent into the school to be disbursed in classrooms or volunteers in the classroom.

BCSHA CALENDAR OF EVENTS
